DEMO HR POLICY: Leave and Holidays

DEMO ONLY: This is a sample document for testing HR Assist. It is not an official company policy.

Annual leave

- For demo testing only, assume full-time employees receive 18 working days of annual leave per calendar year.
- Leave should be requested through the company leave process and approved by the employee's manager before it begins, except in emergencies.
- Employees should check their leave balance with HR or the HR system.

Sick leave

- Notify the manager as soon as reasonably possible when unwell. HR may request supporting documentation where permitted by applicable law and company policy.

Public holidays

- HR should publish the official holiday calendar each year. The official calendar, not this sample, determines the next company holiday.

Important

- All rules in this document are illustrative. Confirm actual entitlements with HR.
